The Spain.

"One meets with queer opposites in Spain," said a man who has traveled in that country. "In the Basque provinces the people are alert up to date thrifty and industrions. In Barcelona I was agreeably surprised at the evidences of modern progress, and its prin dences of modern progress, and its prin J. W. In other sections the natives are about the limit of sloth and evince a don't care spirit in everything that concorns their temporal welfare. They tell story of a Spanish shoemaker who was approached by a customer with wornout shoes with a request that they be required immediately. The cobbler called to his wife to know how much money there was in the bouse. Charles Kean's Afflictions Charles Kean, the actor, could not pronounce the consonants In the first scene with Jarvis in "The Gamester" he began by inquir ing. "Well, Jarvis, what says the world of me? I'll tell thee what it says. It calls me a false friend, a faithless husband, a cruel father-in one word, it calls me Galester!" In Shylock he was went to say:

"You take by life When do you take the beans whereby I live."

But his most unfortunate slip oc-curred in the last line of "Money," where Evelyn says that, in order to enjoy the good things of life, we require "plenty of money." In this sit-untion Kenn always brought the curtain down with a roar by sareastically remarking that the one thing necessary to complete their happiness is "plenty of putty!"
